

THE GAZETTE.

MONDAY EVENING, JULY 23.

A SAD CASE.—We have very rarely heard of a sadder case than that of "Dr." Lewis of Brunswick, now under sentence of death, but consigned to the asylum at Williamsburg. The Doctor will be hanged for murder whenever he is declared by his physicians to be wholly cured of the dementia or amnesia from which he has been suffering ever since his sentence was pronounced upon him. The utmost care has been taken in his case, and the finest scientific skill exercised to restore the unfortunate man to the exercise and enjoyment of his rational capacities. And, truly, there is no occasion why he should not hasten to the restoration of these faculties, except that he is to be hanged just as soon as he affords evidence of their restoration. We refer to this as one of the most melancholy cases of lunacy of which we have any knowledge. The patient is known to be very anxious to get well; but somehow or other, nothing in the world that he can do in the premises appears to hold any promise of amelioration. We reckon there is not a more incurable case of insanity in the Commonwealth.—*Petersburg Index Appeal.*

A CHILD OF THE PERIOD.—Some ill-natured bachelor or childless married man relieves himself of this slander on the wingless little angel that hovers around all well-regulated households. The child is responsible for a vast deal of wear and tear and smash and crash. It breaks enough crockery every year to make a heap that would rival Rome's Monte Testaccio. It asks untold questions before company. It cries. It refuses to exhibit its scanty stock of wretched accomplishments at request. It is a selfish, tale-bearing lying little animal. It is farther removed from cleanliness than it is from godliness, which is saying a good deal. Its sin is original, which is to say it comes from a stock of original sin kindly furnished by nature, as per some confessions of faith, or not. The iniquity it shows in snuffing the trigers of loaded guns in the hands of relatives draws a parallel only in the dexterity with which it plays with matches, and saves from the resulting conflagration the most worthless thing liable to be destroyed—its own life.

Conservative Congressional Convention for the Eighth District.

In accordance with the recommendation of the State Committee of the Conservative Party, we hereby give notice that a Convention of the Conservative Party of the Eighth Congressional District will be held in Alexandria, on the 25th day of August, 1874, for the purpose of nominating a candidate for Congress from this District. The State Committee have recommended "that each township of a county and ward of a city shall be entitled to one delegate for each one hundred Conservative voters and one for fractions over fifty." We, therefore, earnestly recommend to the Superintendents of the several counties in this Congressional District to take the proper steps under the plan of organization for the appointment of delegates from their respective counties, and in case it be thought expedient to appoint the delegates by township or wards, we then recommend to the County Superintendents to call the meetings for the same day and hour in each township and ward.
